ՀԱՆՆ ԸՍԿ ԲԹԻՍ

*Hello & Welcome*

I'm really glad you have cum to my cyber-world.

You have entered into my world wide web zone. This is my place where I can express myself creatively and share it with the world. A place where I can share my photos & my videos with you. Although this website is mostly intended for the open-minded gay male, everyone is welcome.

If you are visiting my site for the first time, then let me give you a unique & special "WELCOME". I am with great pleasure that you have cum to my webpage. It's awesome to have you here. I welcome you with open arms and an open heart to my cyberworld- It is my crazy & wild world of sex, drugs & (of course) a camera.

{mi casa es tu casa}

On these pages, I have a ton of photos and a mountain of videos of me. I would like to share them with

you. I've realized that I may come across as a self-indulged narcissist.

Honestly, I could see how one may assume that I look like a dude who is all into himself. I could understand that with all my photos & videos of just me. It would seem quite obvious for this to be true... but it isn't. It may look like it, but quite honestly I am not self-centered, self-adsorbed or, stuck up at all.

I'm quite shy. The extreme opposite of perhaps what you think. The truth of the matter is that I just love shooting photos & videos. I have always enjoyed the camera & I still do. Photography and video recording have always intrigued me as far back as I could remember. It has always been a huge interest of mine. I have taken pictures of everything & everyone all my life. If I see something that looks intriguing to me- I have to snap a photo. I found myself taking pictures of anything and anyone -except myself. I wanted it that way. I didn't like being in front of the camera and I found every way to make sure I wasn't too. The only photos I had of me were ones that someone took candidly and without me knowing. Otherwise, I always ran away and hid from the camera. I was painfully shy and felt embarrassed to see myself -or anyone else see me- photographed or video recorded -I was strictly behind the camera only. I had no interest or desire to have the camera pointed in my direction. I was always the one behind the lenses.

Then one day all of that completely and drastically changed. I turned the camera onto myself and started taking pictures and videos of myself. I began to love it. I do prefer being the one shooting the photos or videos, along with being the subject matter in my photos and videos. It made it much easier and much more desirable for me to be in the photos. I like to be the cameraman, the director & the producer of my photos and videos.

Nowadays, I've continued my snapshots and videos of myself. I enjoy getting high, getting naked, and showing off in front of the camera taking my photos or shooting my slandering videos.\*

(\*on my sleeping page I'll explain the story in regards to that).

Perhaps you are a returning to my site, then...

*Welcome  
Back!*

I'm always revamping & redesigning my blog, so you will probably see something fresh & new on here.

I hope you enjoy.

As always, I'm here to get any questions, comments or suggestions in which you may have.

Please, don't hesitate to let me understand what is to your thoughts, ideas or opinions. What you like or dislike- Let me know! I would really love to hear from you.

Jus give me a lil' holla.

SO ARE YOU READY?

Cuz you are about to discover and see a shit load of my photos and videos of just ME!

These are my snapshots of me getting naked, showing off and getting naked in front of the camera. These are my hundreds of videos of me either slamming, fucking or jerking off amongst other nasty, kinky

things as well. Basically, there is a lot of me.

So get ready to 'CUM IN'!

Cum get naked and nasty w/ me!

It's a pleasure to have you here, my friend. I appreciate your visit today and hope you cum back to explore  
more of my things here on my webpage.

Thank you for cumming.

Please enjoy and have a good time!

Cheers,

*Bambi*

In the end, after spending infinite hours and days constructing my websites and fb have it all deleted in a flash, I am now being very cautious about spending loads of time in

building this internet web page. It's very miserable to go to peer all my cool, difficult efforts and get it ripped away within seconds. So, from knowing what may want to take place

inside the beyond, I can hold it easy. I'm preserving this site pretty simple, and I'm saw not going to make it as flashy as my other websites had been.

Additionally, I suppose that if I kept it simple enough that perhaps it may not set any bells off with Weebly (my current web host). I'd opt to now not ~~let them~~ to make investments in their time and strength in looking at my web page. Despite the fact that I will keep adding onto and improving

matters so long as these pages are, nonetheless on-line... I'm gonna do my exceptional to make frequent upgrades to this website thru time. I best hope that Weebly won't pull the plug on my website and I'll be spared. If some thing they should at the least allow me to realize what it

was that I did to justify the deleting my webpage. Just a little explanation would help so I won't make do it again. So why did they delete my other pages? If I had to guess what the motive turned into, I would have to mention that they did not like my photographs.

I guess my snap shots can be a little

more interesting than the ones I have

on my website. I'm gonna do my exceptional to make frequent upgrades to this website thru time. I best hope that Weebly won't pull the plug on my website and I'll be spared. If some thing they should at the least allow me to realize what it

a few pride or over-mas secular

individual they may see that the nude human body as 'dirty and pornographic' and that it wishes to be deleted or censored. They'll think that it's 'incorrect' within the eyes of God, really? I realize that there are a lot of human beings in our society that study nudity as an evil, sinful

identical class as violence and hate. I

find that to be absolutely ridiculous! Those people have such twisted, ridiculous issues on something this is completely natural- nudity & intercourse.. In case you without a doubt reflect on consideration on it, it's all quite rattling stupid! A picture or video of a naked guy is not hurting

so horrible -it is just sex! Every living

creature does it. We all fuck!! It is how all of us got here and every body needs to simply experience, embrace, and love the beauty of sex. Everyone must simply recognize the splendor and beauty of the naked, bare body of a man or woman. It's nature and its natural.

So, I am gonna keep my fingers crossed and pray that my current web host would not pull the plug on my pricey internet web page again. I'm hoping that they will be open-minded

and allow this webpage to live on for years yet to come. It would be exceptional to have the ability to preserve and continue on constructing, enhancing and

improving this my web page. To keep it growing and getting better over time. To have a spot where I can showoff & express myself, both visually and with words.

THE CITY OF ANGELS®

I've been told that I have the worst poker face. It is very difficult -if not impossible- to hide my emotions. Lets say I tend to wear them clearly on my sleeve and for everyone to see.

In my relationships with people...oh I can say I like people really. They tend to be so dramatic & think too much 'bout things. I can be quite of a pain in the ass. I can truthfully say that I love animals more than I do people. Mainly this is because you don't have animals given you shit, getting jealous, or 'tripping-out' on you. They don't over-think things or get so emotional about things, or assume too much about things. Animals are much more chill. They just do what they do & just give so much innocent unconditional love with nothing needed in return except maybe a lil treat or two. I mean really, it's pretty difficult to get in a disagreement with your cat, right? or to get into a verbal fight with your Chihuahua. Of course nothing like that happens with any animal. There is no such drama in animals like there is with people. And because of man's complexity comes the requirement to put in more work & make great efforts in understanding & learning about people. If one truly wants a healthy, meaningful & happy relationship, then this work must be done.

#### THE BOTTOM LINE IS

To lie, cheat, or steal are sins in my world of morals. A better person is someone that doesn't live life processing those and instead lives life being honest & truthful. That makes a man a good man.

#### DON'T LIE, CHEAT OR STEAL!

When it comes to one's word, that word must really be 'your word'. One must really be honest when he gives it. 'Cuz if a man has it without it, who is he? He is nothing. A man without his word is the same as a man being dead. They become nothing of worth & meaningless to everyone. So it's

very important to always

**KEEP YOUR WORD** and mean  
what you say!

It is also important to **BE LOYAL!**

Always having another's back or being there whenever you  
are needed isn't always that easy. But having the loyalty to  
another person will end up being a big blessing in the years  
you have in your relationships.

**AND** finally being last, but certainly not least -**HAVE**  
**RESPECT!**

Always give respect to **EVERYTHING & EVERYONE** on  
this planet! They deserve it as much as you- so give it!  
Ultimately, I know that all of those things are very  
important and must always be practiced & be  
possessed in one's entire life. It will make you &  
everything around you much more meaningful,  
happier & brighter.

One person can change the world for the better in such  
simple, little ways.

So easy: "Let's all start doing it now!"

Let's all make a difference in our lives, for each other lives, and  
for the entire planet.

**-Make it our life goal to do something good  
in our life before we die.**

And in relation to my perspectives and/or opinions: Well, I tend  
to be quite overtly vocal and possibly loud about them (and I  
do tend to have an opinion on pretty much a whole lot, **if not**  
**everything**) I am very passionate in my views. And  
that's only after I have spent a lot of time finding out &  
thinking hard about them.

I like to debate, discuss & learn things about nearly

everything! I find that learning gets me higher than most  
drugs sometimes.

I believe in the good and of karma. And that The  
energies of good always prevail in the end."

*'What I Live for'*  
*OF GEORGE LINNEHUS UNITAS*

I live for those who love me,  
Whose hearts are kind and true,  
For heaven that smiles above me,  
And waits my spirit, too,  
For all the ties that bind me,  
For all the tasks assigned me,  
And bright hopes left behind me,  
And good that I can do.

I live to learn their story  
Who've suffered for my sake,  
To emulate their glory,  
And follow in their wake,  
Bards, patriots, martyrs, sages,  
The noble of all ages,

'Twill be Nature's heart and mine  
To profit by affliction,  
Reap truths from fields of fiction,  
And, wiser from conviction,  
Fulfill each grand design.  
I live to hail that season  
By gifted minds foretold,  
When men shall rule by reason,  
And not alone by gold,  
When man to man united,  
And every wrong thing righted,  
The whole world shall be lighted  
As Eden was of old.

I live for those who love me,

Whose deeds are on history's pages,  
And time's great volume make.

I live to hold communion  
With all that is divine,  
To feel there is a union

Whose hearts are kind and true,  
For heaven that smiles above me,  
And waits my spirit too;  
For the cause that lacks assistance,  
For the wrong that needs resistance,  
For the future in the distance,  
And the good that I can do.

**A LIL' HISTORICAL PAST HISTORY TO MY SLAMMING  
VIDEOS.**

## VIDEOS.

You could marvel at how this all started: or why I recorded these videos, to begin with. Well, I originally started recording the videos back in 2013 and I still record them to this day. My earliest videos were shot at my apartment in Boise, Idaho. The rest of them were (and still are) shot in various places around Los Angeles. The places vary from parks to motel rooms - to public restrooms - to alleys - to friend's bathrooms - to a buddy's basement & everywhere else where my cell phone was accessible. Alas, a number of these videos aren't in high-quality form. Because of certain circumstances, the quality isn't the greatest. They were shot with either a bad digital camera or perhaps with bad lighting, and for this, I do express regret.

**How It All Began:**

it became late one night I was partying and playing with a friend. He went online to show me this internet site. The website was referred to as 'Get2thePoint'. The website's slogan read: 'a slamming fraternity for men.' It immediately got my attention and I defiantly wanted to know more about this website. It also greatly surprised me the reality that it had men slamming. I felt that you'd need to be crazy to have a website committed to such controversial and unlawful subject matter. Nevertheless, it certainly intrigued me and I found it to be very interesting. I liked the way it was so specific and appreciated how ballsy it was. Back in those days, it was very taboo to talk so openly about slamming. There wasn't much discussed or shared about it when it came to the topic of slamming- let alone an internet site committed to it! Slamming wasn't nearly as commonplace as it has emerged today. Very little was mentioned about it, yet here's this web page called "Get2thePoint" that spoke so loudly. It had videos of guys slamming, photos with slamming, discussion groups, public hookup ads - you name it! If it was anything in regards to slamming - it was here! It defiantly was a unique website that had no limits and without any apologies was very loud and bold.

There wasn't any other website on the internet at the time that could compare. Where else could you openly speak and show whatever and everything on the topic? This was a unique, progressive, and new website for gay men who 'slammed'. I thought it was an awesome website and I had to become a member right away!

In the next few weeks, I watched a handful of videos that were published on 'Get2thePoint'. I observed that quite a few of them had been missing something that I felt was very important -the 'reaction'. The videos failed to show their faces. You weren't able to see their facial expressions nor their reaction in the course of and after the slam. The videos had been shot close-up to the injection spot, then the video would stop unexpectedly right after the slam was completed. I felt that the videos lacked this key element that made the videos less more thrilling. You were not seeing what came about after the slam. I knew I ought to do better. Now, I do understand the fact that there can be many motives the videos have been recorded in this manner. It can be out of fear of being visible on the video, cuz it's doing something illegal. Or possibly it's due to the fact they felt that they might be looked down upon and judged in society if

they were visible in the video. Or, quite frankly, it's perhaps because they may be just bad at making videos... I don't know. Yet all of those reasons are pretty comprehensible and I appreciate them. But, because as it goes for me, all of that didn't matter and it made it more desirable to do. None of that deterred me in any manner. If anything, it made me just want to make a video even more. I didn't give a crap about any damn consequences, plus I knew I could make better videos. So I began recording.

It was going to be only a couple of videos however, the first video I recorded and published became a massive hit. It truly surprised me how a whole lot of it turned into favored. I had guys from everywhere writing me and letting me know how much they enjoyed my video. Ultimately, I finished recording more and posted a handful of them online. They continued to be successful and they became increasingly popular. However, all that fame abruptly and all at once ended suddenly - get2thepoint got shut down! The website closed and it was completely offline and was gone for good. All my videos and my all my fans were now all gone as well...it sucked.

## SO NOW WHAT?

I eventually began posting my videos on Tumblr. My videos were on there for quite a while. Additionally, they received loads of popularity and I acquired thousands of followers. Things were going super til that changed -AGAIN! Tumblr made the unwise and foolish choice to start to censor certain material on their site. My videos began to get red-flagged and censored in which they slowly got eliminated. One after the other they were removed because of the new policy that they had started. No longer did they tolerate nor allow my form of videos to be on their website. No more nudity or drug use. It was all prohibited and no longer allowed. Of course, those videos type of videos were mine. In the long run, they

other users. All because they wanted to make a few sponsors happy. They ended up ruining a social platform that was becoming more and more popular by the day. They ended up destroying a website that had a lot of potential of becoming something even larger. Now Tumblr is nothing like it once was, it's gone now and to be quite honest, **TUMBLR SUCKS!**

After Tumblr went to crap and my choices of platforms were getting scarce that allowed my type of content, I started to use Pornhub. Through the years I had quite a collection of videos that I had uploaded to Pornhub. I had acquired thousands of followers as well. Everything looked great and dandy

content was removed from their site and for some unknown reason, all my videos were removed. My videos will be put back as they review them. So far it has been a slow process. I am hoping that all (if not the majority) of them are put back online. After waiting patiently for my videos to come back online, I decided to send an email to the staff at Pornhub and inquire about my videos. It had been over 2 years and my videos still weren't getting put back online. I asked them if they could please put them back, thinking that I was just wasting my time. Yet, to my wonderful surprise in a couple of days, all of my videos were back online on the world wide web once again. I was truly amazed!! All I can say is that the

ultimately ended up removing all of my videos and my account was deleted. I think that it defiantly wasn't a very smart decision for Tumblr to change its rules. They ended up losing me and thousands of

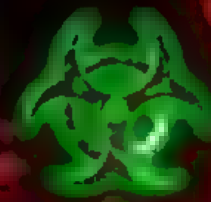

until one day all of that changed as well. In the spring of 2020, Pornhub found itself in hot water with the authorities. They were accused of having illegal, underage porn on their site and among other things. A lot of

stuff at Pornhub do rock -THANK YOU PORNHUB! If you aren't already following me then I'd have to ask: "why the fuck not?!" If you aren't, then start now by clicking [HERE!](#) Go check it out!

**THANK YOU!**

Now with a limited amount of websites to have my videos on, (or even allow to be on), I finally decided on creating my website. A place where I could post my videos and share them with everyone and not have to worry about them being removed. So I created

**'BBcumBoi's Cyberworld of Sex, Drugs & a Camera'.**

**SO GET READY TO SEE MY VIDEOS!**

*All you have to do is click the devil's dick.*

You see, as you continue to scroll downward, you will eventually come across this kinky, nasty-looking red devil.

Don't be intimidated by his appearance though. You can't let his sinister grin and/or enormous dick scare you off. He is waving a syringe to get the attention cuz he wants to help you by leading you in the 'right direction & right to the point of my video-slamming collection.

It will require that you get him off first though by clicking his dick.

(I'm sure that you won't mind a tiny bit though, huh? :).

I really hope you enjoy my videos & thank you to everyone!

What's your  
poison?

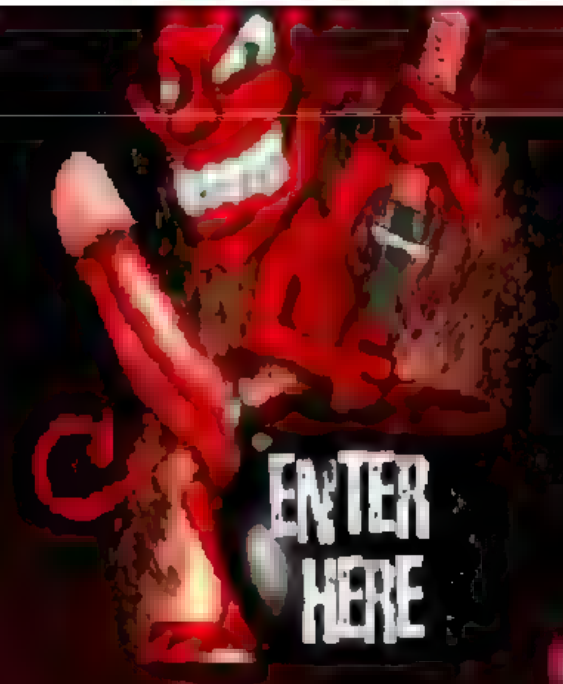

It may take a minute for the videos to completely load. The speed of videos depends mostly on the speed of your internet connection.

Please be patient.

If you are still having issues with the videos loading, I recommend doing a speed check with an app. You can check your internet speed by clicking [here](#). If you discover that your internet speed isn't as it's supposed to be, contact your internet provider and raise some hell & demand that you want a faster speed. Another option is resetting your modem, this may be the easiest & most effective way to increase your internet speed.

If you are having any difficulties in trying to view my videos, please let me know.
